

Grade 8 Math and Science Supply List

Welcome back to 8th grade! I can't wait to continue our math journey together. This year, we will be reviewing basic algebraic concepts like positive and negative numbers and solving simple one and two step equations. We will also be working on so many new ideas and concepts. We will be learning about exponents, rational and irrational numbers, The Pythagorean Theorem, and solving multi-step equations. Remember, it is important to show all of your work, so I need you to bring extra paper to attach work to your assignments. Here is a list of items you will need for math and science:

- Dedicated two-subject notebook and a separate folder for math
- Dedicated two-subject notebook and a separate folder for science
- Extra loose-leaf paper to show work on
- Graph paper
- 1 TI-34 series Scientific Calculator (Texas Instruments)
- Red correcting pen
- Lots and lots of pencils
- Eraser toppers or a few individual erasers
- Pencil sharpener
- Ruler
