**Student section**

I, \_\_\_\_\_, understand it is *my responsibility* to seek out and follow the Internet Acceptable Use Policy of Saint Bridget School. I realize I will only be allowed to use the Internet with a degree of adult supervision. I will always tell an adult immediately if something is confusing or seems scary or threatening. I agree to comply with the rules of use while honoring all relevant laws and restrictions. I understand that any work I do on any computer at Saint Bridget School is subject to monitoring by an adult. Any unauthorized Internet access by me may result in my losing my Internet privileges.

**Parent/Guardian section**

As the legal guardian of the minor child above, I *grant* my permission for my child to have access to services such as electronic mail (E-mail) and the Internet. I understand that some material on the Internet may be objectionable. I understand that individuals and families, not the school, will be held liable for violations of policies. The Saint Bridget School Handbook, under the section dealing with newspaper articles, gives permission for my child's photograph to be used for publicity as well as the mechanism to rescind this permission. The policy as stated in the handbook will apply to photographs posted on the web site as well. The handbook has been read and the appropriate page has already been signed and returned to the school, by the appropriate family members. I understand that my child's picture also may be used on the school web site. My child may be identified by his/her first name and last initial. At no time will my child's last name be used. As these photographs may be updated frequently, I understand that I will not receive a specific notice that my child's photograph will be on the web site.
